

- Candidate Training Program -

Save the world, become a Secular politician!

SECULAR government is the best way to preserve true liberty for all citizens, religious and not.

If you are nontheistic, nontheistic friendly, or a secular minded religious individual who cares about the First Amendment, separation of church and state, public policy based on reason rather than religious dogma, and who will refrain from promoting a sectarian agenda of any type, then SC Arizona wants you to run for state legislature, school board, county supervisor, city council, and other elected bodies.
